3) **Parent Commitment:** I desire for my child to be registered into honors classes in the following subjects:

English Math Science Social Studies

I understand that they will be registered into a distinct honors class with several extra projects and assignments each quarter. I agree that teaching my child to persevere and to strive for excellence are important spiritual and scholastic goals, and therefore, I understand that my child will not be able to drop an honors course in the middle of the year, unless they fail a quarter in that same subject.
